Proceedings of 2017 International Conference on Digital Technology in Education

Preface.....	v
Conference Committees.....	vi

- ***Session 1- Computer Assisted Instruction and E-Learning***

A Computer-assisted Teaching System with Gesture Recognition Technology and Its <i>Zengzhao Chen, Xiaochao Feng, Tingting Liu, Cong Wang and Chao Zhang</i>	1
Novelty Blended Learning Pattern and Its Application in English Language Teaching..... <i>Tingting Liu, Zengzhao Chen, Alan M. Lesgold, Xiaochao Feng and Cong Wang</i>	7
Study on the Application of Flipped Classroom Based on Micro-class in College English Listening Course..... <i>Wu Wenmin</i>	13
Conceptualize the e-Learning Framework for the Secondary School Curriculum <i>Su-Kheng Haw, Shu-Ting Ong, Chee-Onn Wong and Mee Sze Wong</i>	18
A Study on the Application of Flipped Classroom in College Course Teaching <i>Jiahua Zhang, Yexing Zhang and Rong Wang</i>	23
The Application and Practice of Matlab in Solid State Physics Teaching <i>Yang Lian, Jingying Chen and Chunyan Su</i>	27
Conflict Problem Solving in Digital Technology: A Case Study in Virtual Teamwork for Online Learning <i>Tinghong Gao, Xuechen Hu and Jinmin Zhang</i>	32
Design of a Mobile Lab for Engineering Experiments Using a Campus Wi-Fi Network <i>Wang Tian, Dai YaPing, Ma JunJie and Lu Haiyan</i>	36
A Proposed PST Model for Enhancing E-Learning Experiences <i>Touhid Bhuiyan, Md. Shohel Rana, Kaushik Sarker and Zaman Wahid</i>	43
Research on the Application of Flipped Classroom Model in English Teaching <i>Zhongmei Li, Jin Qian and Shanshan Gao</i>	49

- ***Session 2- Data Engineering Theory and Technology***

Mapping Relational Databases to Ontology Representation: A Review..... 54
Su-Cheng Haw, Jiawei Wilson May and Samini Subramaniam

Mining and Measurement of Vocational Skills and Their Association Rules Based on Big Data..... 59
Jian Wan, BinBin Chen and Huayou Si

Study on Influencing Factors and Prediction Based on Random Forest of Doctoral Dissertations..... 64
Yang Lian, Jingying Chen, Chunyan Su

Construction of System Structure Model of Graduate Students' Innovative Ability “GUIUR” Practical Training Mode..... 69
Tian Jie and Bing Xiao

Predictors of Licensure Examination for Teachers (LET) Performance: A Mediation Analysis 74
Marisol Solis-Foronda

Research on Similarity Fusion in Knowledge Fusion of Learning Object Repository based on Fuzzy Set Theory 79
Tao Huang, Yun Chen and Hao Zhang

- ***Session 3- Computer Education***

A Case Study of Computer-based Problem Solving Skill Development by Using Spreadsheet Software 84
Somchai Chatvichienchai
